

GUMKYUNG VANS CT-723

Neat cutting oil

Attribute

VANS CT-723 is an excellent low viscosity lubricant and odorless neat cutting oil.

VANS CT-723 has additives contained to form a lubricant film quickly on rubbing the surface with minimum frictional resistance by improve the surface roughness , as well as to improve tool life.

Chloride free

Low aromatic components

Low oil mist and vapour

Free of heavy metals

Pax

Properties	VANS CT-723	Remark
Appearance	Pale yellow	
Proportion (15/4 C)	0.87	
Flash point (°C)	158°C	
Kinematic viscosity (40 °C)	11.4 cSt	
Copper corrosion	1a	
Coefficient of friction	0.104	
Extreme pressure	8.3 Kg/cm ²	
TAN	0.20 mgKOH/g	

Application

VANS CT-723 is non---water---soluble cutting oil for all of the non---ferrous metals such as aluminum, aluminium alloys, stainless steel, steel also can be apply.

VANS CT-723 suitable for turning, drilling, milling, reaming, honing of plain steel, aluminum, aluminum alloy, copper alloy of any metal and machining of aluminum sheet.

Performance Features and benefits:

- Give direction to the surface roughness and gloss of the machined parts also.
- The excellent extreme pressure lubrication and excellent workability and extend tool life
- The liquid crystal-clear and smells less.
- The lower viscosity lubrication to form a rapid infiltration superior lubrication improves workability.
- Not containing harmful components such as heavy metals, not cause the various problems such as dermatitis.
- Excellent detergency and removal of the processing chip or anything else to keep clean and easy for the equipment.
- Excellent oxidation stability and thermal stability to maintain constant workability even during prolonged use.

Packaging

VANS CT-723 is available in 20Litre in pail and 200Litre in drum.

Warranty

This information given here is considered to be correct and is offered for your consideration investigation and verification. No warranties are expressed or implied, since the use of our products is beyond our control. Statements concerning the use Gumkyung products are not to be construed as recommending the infringement of any patent.

VANS CT-723 is made in Korea
